

Public Safety Solutions

Facility-wide solutions for public safety

Profile Command consoles

Ergonomic, height-adjustable and rugged operator consoles are perfect for 24/7 technology-intensive 911 centers.

OnGuard Command consoles

Ergonomic, height-adjustable and rugged operator consoles are perfect for 24/7 technology-intensive 911 centers.

Equipment racks

Eaton® racks provide a proven platform that you can depend on to support your mission-critical IT and radio equipment.

Workbenches

Eaton's modular workbench system, TechBench, is ideal for computer and electronic repair as well as forensic labs.

Eaton UPS systems

Whether it's providing that extra level of protection at the desktop or in a backroom application Eaton ensures uptime in mission-critical environments.

You put your all into designing a high-performance public safety facility that is safe and long-lasting. It's only logical that your consoles, furniture and racks follow the same standards.

Eaton provides solutions for all of your technology-intensive work areas. Our furniture is GREENGUARD certified for indoor air quality and our power products promote energy efficiency.

Discover the difference of working with a one-stop-shop for all your public safety needs.
